The Martini cocktail is one of the most popular pre-dinner drinks based on gin and dry vermouth. It is perfect as an aperitif.

A martini is a cocktail made with gin and vermouth and garnished with olives or lemon. Over the years, the martini has become one of the most well-known mixed alcoholic drinks.

Known for its own glass, one of the most popular cocktails in the world and the aristocrat of the cocktail class, the Martini cocktail can be made with gin (Gin) as well as vodka and has several different varieties.

This variety can often lead to minor confusion when ordering cocktails; when ordering your Martini cocktail, you should specify whether you want a “Gin Martini” or a “Vodka Martini”, and even if this detail escapes your attention at the moment, the server or bar attendant who takes your order should confirm your preference.
